19 January 1967

MEMORANDUM FOR: Deputy for Operations, OSA

SUBJECT : COMOR Notes

1. In the 5 January COMOR meeting [redacted] reported on Mission C027C. [redacted] reported on [redacted]

25X1A

25X1A

25X1A

2. [redacted] noted that North Korea has fallen behind the coverage curve, while [redacted] reminded COMOR that recent reports of Chinese activities in the Nepal border area might suggest need for coverage there. In reply to a question from [redacted] reported that there had been [redacted] coverage of the Nepal border. Coverage of a line of targets some miles from the border had revealed nothing of significance. (COMOR M-396)

3. In the 13 January COMOR meeting [redacted] briefed [redacted] Mission C027C was not favored by weather. 35 per cent of the area was 100 per cent cloud covered. The five prints shown displayed some very good quality photography. There was excellent photography of two airfields and one aircraft was caught in flight. Six priority targets in South China were covered with data base/surveillance quality photography."
